

Amiksha Dnyaneshwar Bashtikar

✉ bashtikaramiksha18@gmail.com ☎ 9325021315 📍 Akola, India

Summary

Enthusiastic Computer Science graduate with hands-on experience in database systems and project coordination. Skilled in Java, C, C++, and MySQL, with a proven ability to build efficient, real-world applications—such as a Blood Donation Camp Management System—to streamline operations and improve data reliability. Known for strong teamwork, clear communication, and a problem-solving mindset. Ready to bring technical expertise and a proactive attitude to innovative development teams.

Education

B.E CSE COETA	2022 – 2026 Akola, India
HSC The English Junior College 70.67%	2021 – 2022 Ner, India
SSC Jijamata Kanya vidyalaya 85.60%	2019 – 2020 Ner, India

Projects

Blood Donation Camp Management System

Developed a robust and scalable database system using MySQL to streamline operations of blood donation camps. The system efficiently manages donor information, blood group records, camp scheduling, and blood inventory tracking. Designed relational database schemas, implemented normalized tables, and wrote optimized SQL queries to ensure data accuracy, consistency, and fast retrieval. The project enhances responsiveness during emergencies and supports data-driven decision-making through structured reporting.
